

Princess Salme Spice Tour

Travel in the footsteps of Princess Salme...

Tour Includes:

- * All entrance fees and transfers
- * Spice tour
- * Lunch at Mzee Yussuf's home
- * Coffee ceremony
- * Dhow cruise
- * Donkey cart ride

We begin our tour at Mtoni Palace, the home of the first Sultan and the birthplace of Sayyida Salme. After a tour of the palace guests take a dhow cruise to Bububu House. On the verandah of this beautiful Omani home, which belonged to Salme's uncle, guests will be treated to a traditional coffee ceremony followed by a stroll around the lush orchards.

By comfortable dala dala we will then take you to the Persian baths, built for the second wife of Salme's father and then continue on a small donkey-cart, Princess Salme's preferred mode of travel to enjoy a short ride through the clove plantations. Mzee Yussuf leads a Spice Tour, where guests learn about the exotic fruits and spices grown on the island. The tour is followed by a traditional local lunch hosted on his plantation.
